Dear Mr. Paul:

In response to your request for locations of bars, bathhouses and businesses within two blocks of Cathedral City High School, it was unclear of the exact distance of a "block". I have enclosed an aerial map showing the area of research, approximately 1/4 to 1-mile of the high school. For your convenience, I have labeled the high school, the commercial shopping center (Cathedral City Market Place), commercial zone, Walgreens, Library, Beer Hunter, Post Office and the Big League Dream Sports Park.

At this time, there are no bars within the aforementioned area. However, there are restaurants that do either serve alcoholic beverages or have a bar as part of the operations of their business.

There are no bathhouses permitted in the City of Cathedral City. If you have a question about Adult entertainment, we do have a city ordinance regulating the distance of 1000 feet separation of each other, and a minimum of 750 feet of any school, church or residential area.

As for other businesses in the area, if you could please be more specific in what you are looking for, we would be glad to provide that information for you. However, there may be a charge associated with gathering the information.

If you have more questions please contact me by phone: 760-770-0340 extension 538

Sincerely,

Barbara Ann Johnson
